

i-news is a communication tool for IrRADIARE's partners. In i-news topics of common interest, shared challenges, opportunities for innovation, ideas in progress, investment possibilities will be disclosed. With i-news foster collaboration and interaction, maximizing impacts, with the common goal of giving each innovative project the greatest possible success.

## Adaptation to Climate Change in Vila Nova de Poiares

The second stakeholders meeting of the "Adaptation to Climate Change in Vila Nova de Poiares project" took place last March, 21st and 22nd. With the on-site study visits and round tables, participants had the opportunity to learn and share their experiences and best practices for climate change actions. Besides, an important part of the meeting was dedicated to the debate about future measures, foreseen in the Vila Nova de Poiares Climate Change Adaptation Plan. The project "Adaptation to Climate Change in Vila Nova de Poiares" is funded through the Programme "Environment, Climate Change and Low Carbon Economy" of the Financial Mechanism EEA Grants 2014 – 2021. ## World Water Day

Advocating the sustainable management of the freshwater resources, last 22nd of March, IrRADIARE celebrated World Water day. By adopting easy and sustainable measures in the working-day environment, IrRADIARE is supporting the achievement of Sustainable Development Goal 6: water and sanitation for all by 2030. Everyone can take action to tackle the global water crisis. [Contact us](#) to know more about it.

## HIGHLIGHTS

### LCA4Regions Project Meeting

On 16th and 17th March, CIMBAL hosted the seventh work meeting of the LCA4Regions project, funded by Interreg Europe. It involves partners from Spain, Italy, Lithuania, Finland, Poland, and Slovenia. This interregional cooperation project aims to support regions in using natural resources more efficiently, introducing life cycle assessment in public policies. During the two-day meeting, the each region's Action Plans were presented and discussed. Introduction of life cycle assessment in public policies, namely in Baixo Alentejo were also discussed. [Contact us](#) to know more about it.

### Project RunDeal

RunDeal is an Erasmus+ project with the specific goal of promoting the mobility of athletes and volunteers for the promotion of transnational sports activities, linked to mountain running enabling green economic development in small municipalities. The 2nd transnational meeting was held last 25-27 March in Reguengos de Monsaraz (Portugal). During this meeting, a race was organized and learning about new models of local economic development and healthy lifestyle through sport was in the spot light. [Contact us](#) to know more.

### Tree for Climate Change: LIFE CLIVUT PROJECT

With the LIFE CLIVUT Project, last February, Instituto Superior de Gestão, the Portuguese partner of Life Clivut project, distributed native species tree plants to Cascais citizens. LIFE CLIVUT project is funded by the LIFE programme, which supports the active participation of citizenship in urban climate actions. Write us to know more.
